

Drinking Catches:

2. Drink On, Till Night Be Spent

H. Purcell

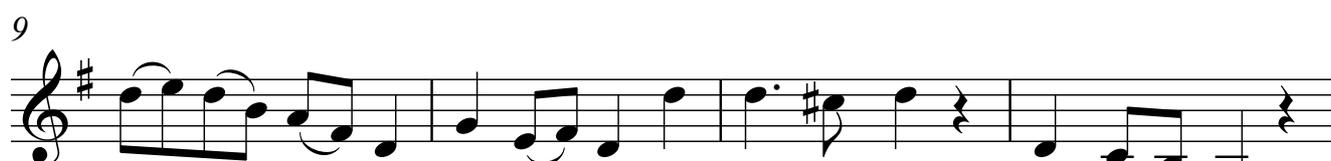

Drink on, drink on, drink on, till night be spent, and

5

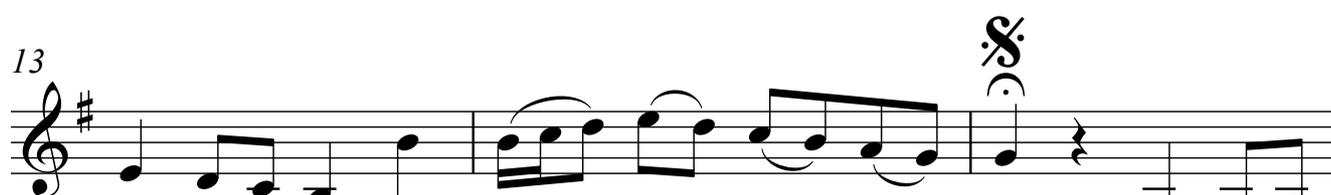

sun do shine: Did not the Gods give anxious mortals wine to wash all

9

care, to wash all care and trouble from the heart? Why then so soon,

13

why then so soon should jovial fellows part? Come, let this

16

bum - per, let this bum - per for the next make way: Who's

19

sure to live, who's sure to live and drink another day?
